Remarks:

1. Statistics of criminal cases in 2023 have been revised.
2. Some statistics have been revised (referring to statistics with ①).
3. Since September 1, 113, the National Police Agency has connected the criminal record system with the e-system of cases, and the original calculation method of the number of cases has been changed from "1 case" to "1 victim", so there is a gap in the number of criminal cases compared with the previous one.
