Remarks:

1.Statistics of criminal cases in 2023 have been revised.

2.Some statistics have been revised (referring to statistics with Ⓢ).

3.Since September 1, 113, the National Police Agency has connected the criminal record system with the e-system of cases, and the original calculation method of the number of cases has been changed from "1 case" to "1 victim", so there is a gap in the number of criminal cases compared with the previous one.
